

Controlgear

Solid-State Time Relays

Solid-state time relays, assembly width 22.5 mm

3RP15 solid-state time relays

Selection and ordering data

- Screw connection
- Accessories
- Function table for 3RP19 label set

Technical data	7/12
Description	7/14
Circuit diagrams	7/14
Dimensions	7/36
Position of terminals	7/39

Page

7PU5 solid-state time relays

Selection and ordering data

- Screw connection
- Accessories

Technical data	7/13
Description	7/14
Circuit diagrams	7/14
Dimensions	7/36

Page

Solid-state time relays, assembly width 45 mm

3RP10 solid-state time relays

Selection and ordering data

- Screw and Cage Clamp connection
- Accessories
- Function table for 7PX9 904 coding plugs

Technical data	7/12
Description	7/14
Circuit diagrams	7/14
Dimensions	7/36

Page

Solid-state time-delay blocks

Auxiliary switch blocks for mounting to SIRIUS contactors

Selection and ordering data

- Screw connection

Technical data	7/18
Dimensions	7/37

Page

Solid-state time-delay blocks for mounting to SIRIUS contactors

Selection and ordering data

- Screw connection

Technical data	7/18
Circuit diagrams	7/17
Dimensions	7/36

Page

3UG3 solid-state monitoring relays

Relays for phase monitoring

Page

Selection and ordering data

- Assembly width 22.5 mm
- Assembly width 45 mm

7/20

7/21

Technical data	7/20
Principle of operation	7/20
Description	7/34
Circuit diagrams	7/35
Dimensions	7/36

NEW

Relays for line monitoring

Page

Selection and ordering data

- Assembly width 45 mm

7/22

Technical data	7/22
Principle of operation	7/22
Description	7/34
Circuit diagrams	7/35
Dimensions	7/36

Relays for voltage monitoring, single- and three-phase

Page

Selection and ordering data

- Assembly width 22.5 mm
- Assembly width 45 mm

7/23

7/26

Technical data	7/23
Principle of operation	7/23
Description	7/34
Circuit diagrams	7/35
Dimensions	7/36

3UG3 solid-state monitoring relays

Relays for level monitoring for conductive liquids

Page

Selection and ordering data

- Assembly width 22.5 mm

7/27

Technical data	7/27
Principle of operation	7/28
Description	7/34
Circuit diagrams	7/35
Dimensions	7/36

Relays for current monitoring

Page

Selection and ordering data

- Assembly width 17.5 mm
- Assembly width 22.5 mm

7/31

7/29

Technical data	7/29
Principle of operation	7/30
Description	7/34
Circuit diagrams	7/35
Dimensions	7/36

Relays for underspeed monitoring

Page

Selection and ordering data

- Assembly width 45 mm

7/32

Technical data	7/32
Principle of operation	7/33
Description	7/34
Circuit diagrams	7/35
Dimensions	7/36
